Adjournment Till Tuesday When
Train Crew Will Give Their
Evidence

That the automobile driven by Laurier, Oct. 5, crashed into the east-bound train, and that the train was moving at a fast rate, resulting in the instantaneous deaths of Mrs. W. E. Long and Miss Dorothy Long, as attested by the rate of from thirty to thirty-five miles an hour, was established by several witnesses who gave evidence at the adjourned inquest Saturday afternoon.

Conductor Bradford, in charge of street car No. 35, which had been previously flagged by the C. N. R. watchman, said, "It went by me like a flash." Motorist Westaway, driver of the same car, said the automobile "crashed."

E. F. Curry represented the attorney-general's department; Hon. A. G. Mackay, M.P., and Geo. H. O'Connor, M.P., looked on. The attorneys of Laurier, J. J. Lett, and J. C. F. Bown, city solicitor, were also present, although he did not take an active part in the proceedings.

Former detective's Evidence

Ernest Spencer, manager of the Herald hotel, and former detective, testified that he was sitting close to the Nanyaw avenue window of the hotel, and saw the automobile crash into the train. He had frequently seen the automobile on the street, and had also driven cars himself. He did not know the driver, but he did not think it was dark there. There was no light on the automobile.

Detective Hargrave corroborated Spencer's story, and testified that he saw the automobile crash into the train. He had frequently seen the automobile on the street, and had also driven cars himself. He did not know the driver, but he did not think it was dark there. There was no light on the automobile.

Leonard James Collins, of the R.N. W.M.P., said he was on the east-bound train, and saw the automobile crash into the train. He had frequently seen the automobile on the street, and had also driven cars himself. He did not know the driver, but he did not think it was dark there. There was no light on the automobile.

W. E. Long, who was killed, was sitting in the front seat of the automobile. He was wearing a dark suit and a hat. He was looking out of the window at the time of the crash.

Miss Dorothy Long, who was killed, was sitting in the back seat of the automobile. She was wearing a light-colored dress and a hat. She was looking out of the window at the time of the crash.

Stick Antonio, husband of the Nanyaw avenue woman, said he saw the automobile crash into the train. He had frequently seen the automobile on the street, and had also driven cars himself. He did not know the driver, but he did not think it was dark there. There was no light on the automobile.

Young Vancouver Man Escaped
Mountain Slide Which Buried
Surveyor's Camp

By Bulletin Leased Wire.
VANCOUVER, Oct. 5.—Friends of M. Montague Connolly, who was reported killed in a landslide on the Cape Mudge coast of the Dominion yesterday, were surprised when they arrived home in Vancouver yesterday to find him as fit as the proverbial fatted calf.

At the time of the landslide which snuffed out the lives of two young Vancouverites, Messrs. Roberts and Brown, Mr. Connolly was on his way to the Cape Mudge coast.

Mr. Connolly says, must have come with terrible suddenness, the entire side of a mountain 1500 feet high, toppling over and burying the camp under many hundreds of feet of mud and snow. He says that it will be impossible ever to recover the bodies of the men killed.

NEW YORK IRISH
HOLD BIG HOME
RULE MEETING

By Bulletin Leased Wire.
NEW YORK, Oct. 5.—A big home-rule meeting was held in Carnegie Hall tonight, attended by men and women of Irish birth or parentage to celebrate Ireland's protestant political freedom.

The principal address was made by John F. Kennedy, a young candidate for mayor, and grandson of John Mitchell, the Irish patriot. Mr. Kennedy spoke for about an hour.

About \$5,000 was raised for the home-rule cause. The meeting was arranged by the United Irish League, the Ancient Order of Hibernians and other Celtic organizations.

Imperial Constitution Must Come
As Other Legislation Came,
By Growth

By Bulletin Leased Wire.
TORONTO, Oct. 5.—"It cannot be right that a barren home for the common advantage should press upon one pair of shoulders," was the comment of Right Hon. Herbert Bennett, upon the question of naval defence of the empire in his address to the Canadian Club at a luncheon at McCord's on Saturday.

While affirming that the present government had no right to be regarded as its final form, he studiously avoided any suggestion as to the position which the government should take. The dominions he decided, more or less upon "his own course. He tried to dispel any suggestion which might arise because the British Liberal party was opposed to a policy of preferential trade, that it was also opposed to a closer union of the widespread members of empire.

The imperial government, he said, considered the problem not insoluble. "If we are to have a common empire," he asserted, "it will come as our legislations have come — by growth."

Steps in that direction would have to be taken carefully, he said. In the time he bore the message, "whenever the dominions which are united to us are to draw closer in some form of constitutional union, they will find in the British Liberal party the only force to meet their wishes."

Liberal Land Campaign

Anticipation Is Keen Concerning Lloyd-George's Campaign Speech
at Bedford. Unsettled Air Preparing a Counter Campaign
Another Indication of Civil Family

(Special Cable to the Bulletin by its Resident London Correspondent.)
LONDON, Oct. 5.—The Liberal campaign has been taken by the opening of the Liberal land campaign this week and by labor unrest.

The labor situation, which has been threatening since the strike on the surface, is now appearing on the surface. Frequent individual cases of trouble, such as the recent railway strikes, are now being reported. The government has been unusually combative toward, particularly on the part of the employers.

With the lack of discipline on the part of the men may at any time lead to a general strike. The government has been unusually combative toward, particularly on the part of the employers.

Interest in Lloyd George's speech. Anticipation is keen concerning Lloyd George's coming speech at Bedford on Thursday next, which will be the first of a series of speeches. The government has been unusually combative toward, particularly on the part of the employers.

According to gossip, Lloyd George will content himself with a general outline of the existing conditions of the land, leaving the detailed reforms to be brought forward at a later date.

The first part of the report prepared by Lloyd George's famous secret committee which investigated the land situation, was published and confirmed this week. We hear that it is of the order of a week minimum rural wage, or any of the similar much needed passage.

The government has been unusually combative toward, particularly on the part of the employers. The government has been unusually combative toward, particularly on the part of the employers.

of Fort Saskatchewan Has
Violent Death

DR. FORIN GOES
TO HOLD INQUEST

Not Known Yet Whether Shooting
Is Murder, Suicide or
Accidental

The body of Peter Lindsay, a home-stead thirty miles north of Fort Saskatchewan, was found with a bullet wound in the head lying near the roadway some little distance from the farm on Saturday morning.

The discovery was made by E. A. Allan, another home-stead, who reported the matter to the mounted police at the Fort.

Superintendent Wroughton, the officer commanding the district, was at once notified, and he directed the inquiry to the Lindsay home-stead with Coroner Dr. Forin.

An inquest will be held today to determine if possible the manner in which the death occurred. The mounted police here have no further particulars and cannot say whether the proceeding was a murder or if a murder or suicide had been committed. The inquest is expected here on Tuesday.

EFFORTS TO INDUCE DOCTORS TO LOCATE IN NEW DISTRICTS

Anticipation to Medical Profession Act Will Assist New Settlers

NEED OF MEDICAL MEN IN RURAL COMMUNITIES

Proviso That New Practitioners Locate 30 Miles From Nearest Doctor

(From Saturday Evening's Edition)

In an effort to induce medical men to locate in the newly settled parts of Alberta, where they are badly needed, special consideration will be given to young practitioners and doctors coming to Alberta from other provinces, in the proposed amendments to the medical profession act now before the legislature.

Any medical man entering the province, whose diploma give him the right to apply for examination by the medical faculty of the University of Alberta, will, on certificate of the university authorities that he is entitled to write upon the next examination, be granted an interim license to practice medicine, provided he is prepared to locate 25 miles away from any licensed practitioner when the first examinations are held.

If he should fail in some of the subjects his license will be extended for six months in order to give him time to prepare and write off in the other subjects.

"Get Together" Conference.

A "get together" conference of representatives of the Medical Council of the University and James G. Torgerson, who has charge of the bill to amend the medical profession act, was held in the office of the Hon. J. H. Boyle, minister of education, the medical council was represented by Doctors Park, Field and Macdonald and the University by Dr. Torgerson, the president.

University's Powers.

After the promulgation of the new legislation has been outlined and discussed, it was finally agreed that the present act should also be amended so as to give the university not only control of the examination but the power to decide as to what subjects candidates should be examined in. One of the chief reasons for complaint on the part of the medical men coming into the province is that they have been required to pass examinations in preliminary subjects, such as chemistry.

LOTS OF MONEY IF YOU KNOW WHERE TO GET IT

General Manager of Credit Foncier Says, However, That Interest Will Stay High

(From Saturday Evening's Edition)

"One hears a good deal of talk at the present time about the scarcity of money," said Mr. Chevalier, general manager of the Credit Foncier, F. C., to Bulletin Saturday. That is not quite the correct way of describing it, however. Money is abundant enough if you know where to get it. But you have to pay a higher rate of interest for it.

Despite the present financial stringency, continued Mr. Chevalier, his company had experienced no difficulty in obtaining large sums of money for use on mortgage in Canada. Last January the Credit Foncier issued debentures for \$7,000,000 and again in September a further issue of \$5,000,000 was successfully floated, making a total of \$12,000,000 borrowed for mortgage advances during the present year.

There was every indication that Mr. Chevalier's estimation that money will continue to be dear for some time to come. His company has been to rise in value for some years past, indeed ever since the outbreak of the South African war in 1902. This condition is general. In Europe the ruling rate of interest has risen from 4 per cent to 5 per cent, and shows no symptoms of falling in the near future.

So far as local finances are concerned the effect of the exceptionally large crop ought to exercise a considerable influence in the direction of easing money conditions.

The Credit Foncier, in common with other borrowers, has had to pay a little more for its loans, but has not so far increased the rate charged to clients of the corporation. That this course is possible is due largely to the great volume of business that has been transacted by the company since its inauguration in 1861. At the present time the total investments in Canada amount to over \$25,000,000, of which \$4,125,000 has been lent in the province in the past seven years.

The money scarcity has not caused any alteration in the policy of the company, and no halt in its lending operations has been called for. Mr. Chevalier, who is on his annual tour of inspection of the various branches of his company, arrived in the city last evening from Vancouver. He leaves again on Monday night, and will visit Saskatoon, Regina and Winnipeg on his return journey to Montreal.

HOUSE TO PROROGUE EARLY: ESTIMATES ARE NEARLY READY

Anticipated That Opposition Will Stop Resistance to Waterways Bill

FIFTY-EIGHT BILLS NOW BEFORE HOUSE

Legislation to Well Advanced and End of Session is Not Far Off

(From Saturday Evening's Edition)

With the second reading of the Alberta and Great Waterways bill having passed its second reading in the Legislature, an early prorogation of the House is expected. It is considered that the Opposition will oppose the bill to committee, of the whole, seeing that the House has three times given a majority of nineteen in favor of the bill. The bill contains only five clauses and is simple in character, so that there will be very little to argue upon in committee.

The estimates will probably be brought down early this week. The executive council of the Government held meeting at which it is understood that some amendments were under consideration.

The legislation before the House is well advanced. Four bills have already been passed. Fifty-five bills to the committee of the whole stage; thirteen before standing committees and ten before awaiting their second reading. The bulk of these bills are of a non-controversial character. In addition, six bills have been introduced which have not yet been introduced into the House, making a total of fifty-eight bills.

C.N.R. TO LINK COAST WITH COAST BY 1914

Official Announcement Made by Sir William Mackenzie of Completion of Line From Montreal to Port Mann by Next Dominion Day

Montreal, Oct. 5.—Sir William Mackenzie, accompanied by a number of leading Canadian Northern officials, arrived here tonight at ten o'clock, having come over the company's new line from Toronto to here and thence to Montreal. The president said that by taking the C.N.R. steamer from Quebec the trip can be made from Western Ontario to Brantford, England, without leaving the C.N.R. system. The president of the road announced officially that the road from Montreal to the coast would be linked up by next Dominion Day, and that they would be operating the system from the port of Montreal by their Port Mann terminal by the month of November, 1914.

Sir William returned to Ottawa tonight.

Pembroke's Veterans Wel.

North Bay, Ont., Oct. 4.—The only survivor of the first Ontario parliament, which met in Toronto in July, 1867, Thomas Murray, ex-M.P.P. of Pembroke, arrived here tonight at Montreal for the third time. The marriage was performed in Archbishop's Palace in Montreal, the bride being a comparatively young girl who in former years was employed in Mr. Murray's big store in Pembroke. Mr. Murray, who is seventy-seven, was 12 years in the Ontario legislature and eight years in the House of Commons.

Catherine Kier Refused to Sign Agreement at Longridge School—Was Dismissed

(From Saturday Evening's Edition)

In the District Court Saturday before Judge Jackson, Catherine Kier sought to recover from the board of trustees of the Longridge school district No. 837, the sum of \$100.00 for balance of salary as teacher, damages for dismissal without notice and travelling expenses. The plaintiff's claim was that she was hired as a teacher by the defendant board on 11th January, and that on 28th February, having refused to sign an agreement, which she did not contain a clause that she should be dismissed without notice, she was dismissed.

The trustees contended that the agreement was a proper one and that they were entitled to limit on their employee during it or leaving their service. After hearing evidence, His Honor gave judgment for Miss Kier for \$14.50 and costs.

FROM TORONTO TO BRISTOL BY C.N.R.

Toronto, Ont., Oct. 4.—Sir William Mackenzie has left for England, and from Toronto to Bristol he travels exclusively by railway and steamship lines which he himself controls. He went to Liverpool over the new Toronto-Ottawa line, which has not yet been opened for passenger traffic, and thence to Quebec over the Canadian Northern-Quebec and across the Atlantic by the Royal Edward. It is thought that Western Canada interests claim his attention, in the Old Country.

DEATHS

H. J. ALLEN, 2041 Hodge, died at 10:30 a.m. NANCY BARNES, beloved wife of William Barnes, died at 10:30 a.m. daughter of Mr. and Mrs. Andrew Barclay, 421 Heimlich Street.

Well, I like Edmonton better than any city I have visited in these parts. I think it is due to the fact that there is more foliage and trees and scenery around here than in neighboring towns. I have been raised in a country where foliage abounds and I can appreciate it.

"What do I think of the theatre here?" Well, I can say one thing and that is that Edmonton has about one large theatre. Your population is nearly the building of a large theatre such as the Sherman Grand, and it is a pity that there is not one of the least theatres in the west as some one will see the opportunity and build it. Mr. Babcock will return to Edmonton for a week's stay after he completes his northern tour.
